Adrian Webster in

Adrian Webster (formally Perth Glory, All Whites, Charlton and Darlington) has signed to play for Cockburn City League team for a 2 year contract starting in season 2010. Adrian is a qualified FA Coach and Personal/Fitness Trainer.

Adrian will also take on a position at Cockburn as Director of Coaching. He will work closely with all coaching staff to add his expertise and experience to all sessions throughout the year. He will be prominent figure at the club as we are introduced to the FFA Curriculum implemented in season 2010. We were introduced to a new concept in 2009 with SSG, which proved to be extremely successful in allowing players to have more touches on the ball which is more vital to their development. With the introduction of Adrian we hope to expand our junior development to showcase our players and make us strong contenders in Australian Junior Development. Adrian will also run a Academy within the club structure. He will also be watching training, games and following the development of all our players. David Tarka and Adrian have also teamed together to bring Fit 4 Football which is an individual based training sessions. More than 40 members have joined these session run at the club during Preseason.

CRSFF Grant Successful

Cockburn City Soccer Club has successfully been awarded the Department of Sport and Recreation Grant for lighting at Beale Park and Dalmatinac Park. Cockburn City Committee members worked extremely hard on the application. John Sprivilis headed to grant application and which was successful on it's first application. We have a quote of in excess of \$350 000.00, so we

still need to secure the balance through fundraising and donations. A committee will be working hard on securing further sponsorships and grants so the lighting project can be completed this financial year. If anyone would like to help with sponsorship or have a sponsor they are able to approach on behalf of the club, please see Heidi in the office for our Club Sponsorship

Packages.

Cockburn City's aim is to provide the required environment necessary to promote and develop our players to express their individual talents at the highest level available to them.

We have nurtured many talents in the past such as Robert Zabica, Jason Petkovic, Michael Petkovic, Anthonio Naglieri, David Tarka and Scott Miller.

We hope that we will help to develop many more talents in the future and in recent seasons we have produced a number of State players in various age groups with many of these now involved in the National Training Centre (NTC) program and just in the last few months we have boys in the Qantas Joeys (Australia U-17) who will commence their competitive international football careers in their qualifying campaign for the 2009 FIFA U-17 World Cup.

Cockburn City are now into the fourth year of our Junior Development Program and 5 year plan for the juniors in the Cockburn area, which started in 2006 under the direction of Gareth Naven (former Perth Glory) and Alistair Edwards (former Perth Glory and Socceroos). Now 2010 Director of Coaches Adrian Webster.

The ongoing education of the clubs junior coaches and continuous assessment of teaching practises that was started is leading the way to make Cockburn City Soccer Club the benchmark for the future of juniors in the state. We now have girl's teams, women's teams and a Master's team training alongside our junior and senior teams, as soccer is growing as a sport in Western Australia and Nationally.
